MEDIA CONSENT FORM

Throughout the year, our school enlivens the school newsletter with photos of students, their names and/or samples of their work. Less frequently opportunities arise to promote the school and recognise student achievement via newspapers, television or radio. Another avenue for promotion and recognition is a school webpage. The purpose of this form is to give parents an opportunity to request limitations on how photographs and names of their children may be used and how their child may interact with media.

Please tick (✓) agreement or cross (x) non agreement below to indicate whether or not you consent to each of the following, for the duration of your child’s enrolment at Tylden PS, or unless otherwise notified by you to the school.

☐ Yes, I consent to my child’s photo, name and/or work samples being published in the school newsletter.

☐ Yes, I consent to my child’s photo and/or work samples being published in a newspaper identified by first name only.
